discover how to make amazing calligraphy in just one day with this easy to use guide included beautiful designes with step by step instructions and illustrations calligraphy is one of the most fluid forms of art today typographers and iconographers as well as calligraphers use letters as a way of driving a point home more than just through the word itself but through the way the word impacts you once you start looking at the way that words are made up you ll begin to see the many ways that you can change them to have a bigger effect on the viewer this is true of everything from invitations you send out to art you create for display words have specific meanings but the way that a word is viewed versus heard can affect how it s perceived calligraphy allows you to subtly enhance each letter putting in different flourishes curls and lines you can even add small pictures inside the words or letters to make each

one a true type of art even when you perfect your calligraphy it's still very difficult to get all your letters to look exactly the same each and every time small differences work their way in which is part of what makes the finished effect so beautiful to get the same effect out of a font you'd have to go into each letter and warp it slightly and even then you wouldn't quite achieve the beauty that comes from working with your hands of all the art forms that I've studied and used over the years calligraphy is one of the most under appreciated as I began looking at different fonts to reproduce what I was looking for was calligraphy a beautiful elegant way to express letters and words by hand on any media from cardstock to wood it didn't take me long to realize that calligraphy allowed me to personalize things far more than using a computer font or a sticker ever could I hope that you find similar uses for this art form once you begin as well
