anand kumar a mathematics prodigy defied all challenges to set up one of the most successful and innovative teaching initiatives in the world super 30 born in chandipur bela patna anand secured a place in cambridge university but couldn't attend because he had no

money and sold papads in the evenings instead he dealt with his own disappointment by setting up an innovative school in 2002 to prepare underprivileged students for the iit jee examination super 30 has an astonishing success rate and on an average twenty seven to twenty eight of the thirty students crack the exam every year stirring and heart wrenching this is the extraordinary story of a visionary who has elevated these bright sparks and through education given them hope to rise above crippling poverty

on 23rd march 2021 anand kumar name changed visited a blood donation camp to donate a unit of blood the author has visualized the journey and the incidents occurred on the day and also tried to convince the people of this country to become a regular donor of blood as it not only fulfils the requirement of the patients even it keeps the donor more healthy however the author doesn t take responsibility that a regular donor is always more healthy in comparison to a person who doesn t do the same it is therefore requested to the readers to consult the doctor before blood donation and follow the doctor s suggestion this story is based on a real story however names of persons political parties trust villages newspapers etc are changed to hide the identity and any resemblance to anyone is just a coincidence the author s main purpose is to encourage indians to participate in the welfare of the society and country to uplift it up to a standard level

topics in neuroendocrinology

infertility and assisted reproductive technologies in india lie at the confluence of multiple cultural conceptions these conceptions are key to understanding the burgeoning spread of assisted reproductive technologies and the social implications of infertility and childlessness in india this longitudinal study is situated in a number of diverse locales which when taken together unravel the complex nature of infertility and assisted conception in contemporary india

we have all been brought up listening to stories from our grandparents parents and many others stories have an innate capacity to mould us to shape our thinking to inspire us to motivate us to coach us and impress our subconscious mind metaphorically storytelling is and has always been an important part of the solution for simulating positive behavioural changes and when the stories are real life stories the benefits get amplified manifold the emotional strings attached to real human stories bring credibility engagement and buy in

the second book in the akhyayikas series akhyayika means a fable a short episodic narrative or an anecdote is a compendium of 100 short stories of people who dared to dream given the rough twist of fate they decided to pick themselves up and make successes of themselves in their chosen life purpose all the characters in the stories have one thing in common they believed in the power of their dreams the purpose of life is to live a life of purpose
