combining the personal memories and critical analysis of a self confessed pop addict with a wealth of contemporary documentary evidence gathered from coincidence reconstructs a truly momentous era to tell the story of the music of the sixties year by year by tracing in parallel the origins and development of the

recording careers of major talents on both sides of the atlantic the beatles the rolling stones the beach boys bob dylan dusty springfield and many more besides this account shows how they traded creativity with one another all the great sixties hits as well as a host of less well known gems are described in the context of the charts of the day tracking the ups and downs of different trends as they came and went such as rock n roll rhythm blues psychedelia modern folk the concept album or supergroups but beyond this each chapter also places the music in a broader historical and cultural setting of landmark events at home and abroad the space race the profumo affair the cold war vietnam the growth of satire to show how as the decade unfolded the paths of pop and current affairs drew ever closer together if you thought the sixties were just about the fleeting dreams of hippies in the summer of love then think again this book will open your eyes to a far reaching imaginative legacy and how it came to shape pop music as a dazzling art form in its own right

while the importance of collections has been evident in the sciences and humanities for several centuries the social and cultural significance of collecting practices is now receiving serious attention as well as reflected in programs like antiques roadshow and american pickers and websites such as ebay collecting has had a consistent and growing presence in popular culture in tandem with popular collecting institutions are responding to changes in the collecting environment as library catalogs go online and museums use new technologies to help generate attendance for their exhibits in contemporary collecting objects practices and the fate of things kevin m moist and david banash have assembled several essays that examine collecting practices on both a personal and professional level these essays situate collectors and collections in a contemporary context and also show how our changing world finds new meaning in the legacy of older collections arranged by such themes as collecting in a virtual world changing relationships with things collecting and identity personal and political and collecting practices and cultural hierarchies these essays help illuminate the role of objects in our lives covering a breadth of interdisciplinary perspectives and subjects from pez candy dispensers and trading cards to sports memorabilia and music contemporary collecting will be of interest to scholars of cultural studies anthropology popular culture studies sociology art history and more

first published in 2006 this guide is an a to z trade reference aimed at music students technophiles and audio video computer users the world of music technology has exploded over the last decades thanks to introductions of new digital formats at the same time there has been a renaissance in analog high fidelity equipment and resurgent interest in turntables long playing records and vintage stereo systems music students collectors and consumers will appreciate
